Foreword

Mercersburg is not only where we spend four years of our life; Mercersburg becomes an integral part of every student who has ever stepped onto her campus. She is not just another prep school; she is one of the leaders in education. This school is not merely an inanimate object which does not affect us; Mercersburg challenges us to raise ourselves far above our most towering hopes—to become leaders of men. She is not willing to permit her sons to sit calmly and let the world go by; she expects her sons to take an active part in seeking solutions to life's problems.

Mercersburg not only teaches us that $C=2\pi r$ and that King Henry VIII died in 1547; she helps us acquire high morals, respect for our fellow man, vigilance against the evils of society, and co-operation. The school is interested in us—in the development of our character, and in our future after we leave her beautiful campus.

Mercersburg will never feel that a graduating class is just another class; she will never feel that it is not worth doing her best for the students; Mercersburg, with her emphasis on the truth and the good life, will continue to inspire her sons, who, in turn, will hopefully model their lives on the groundwork laid for them at the Academy.

Dedication to Robert Ramsey Black

A Mercersburg graduate of 1925, and at the Academy since 1929, Mr. Robert R. Black has for thirty-seven years been an active participant in many phases of school life. A former faculty member of both the French and Spanish departments, his administrative and writing skills were of great service during his twenty-year tenure as business adviser of THE MERCERSBURG NEWS (1936-1956), and as faculty adviser to the Press Club (1941-1962).

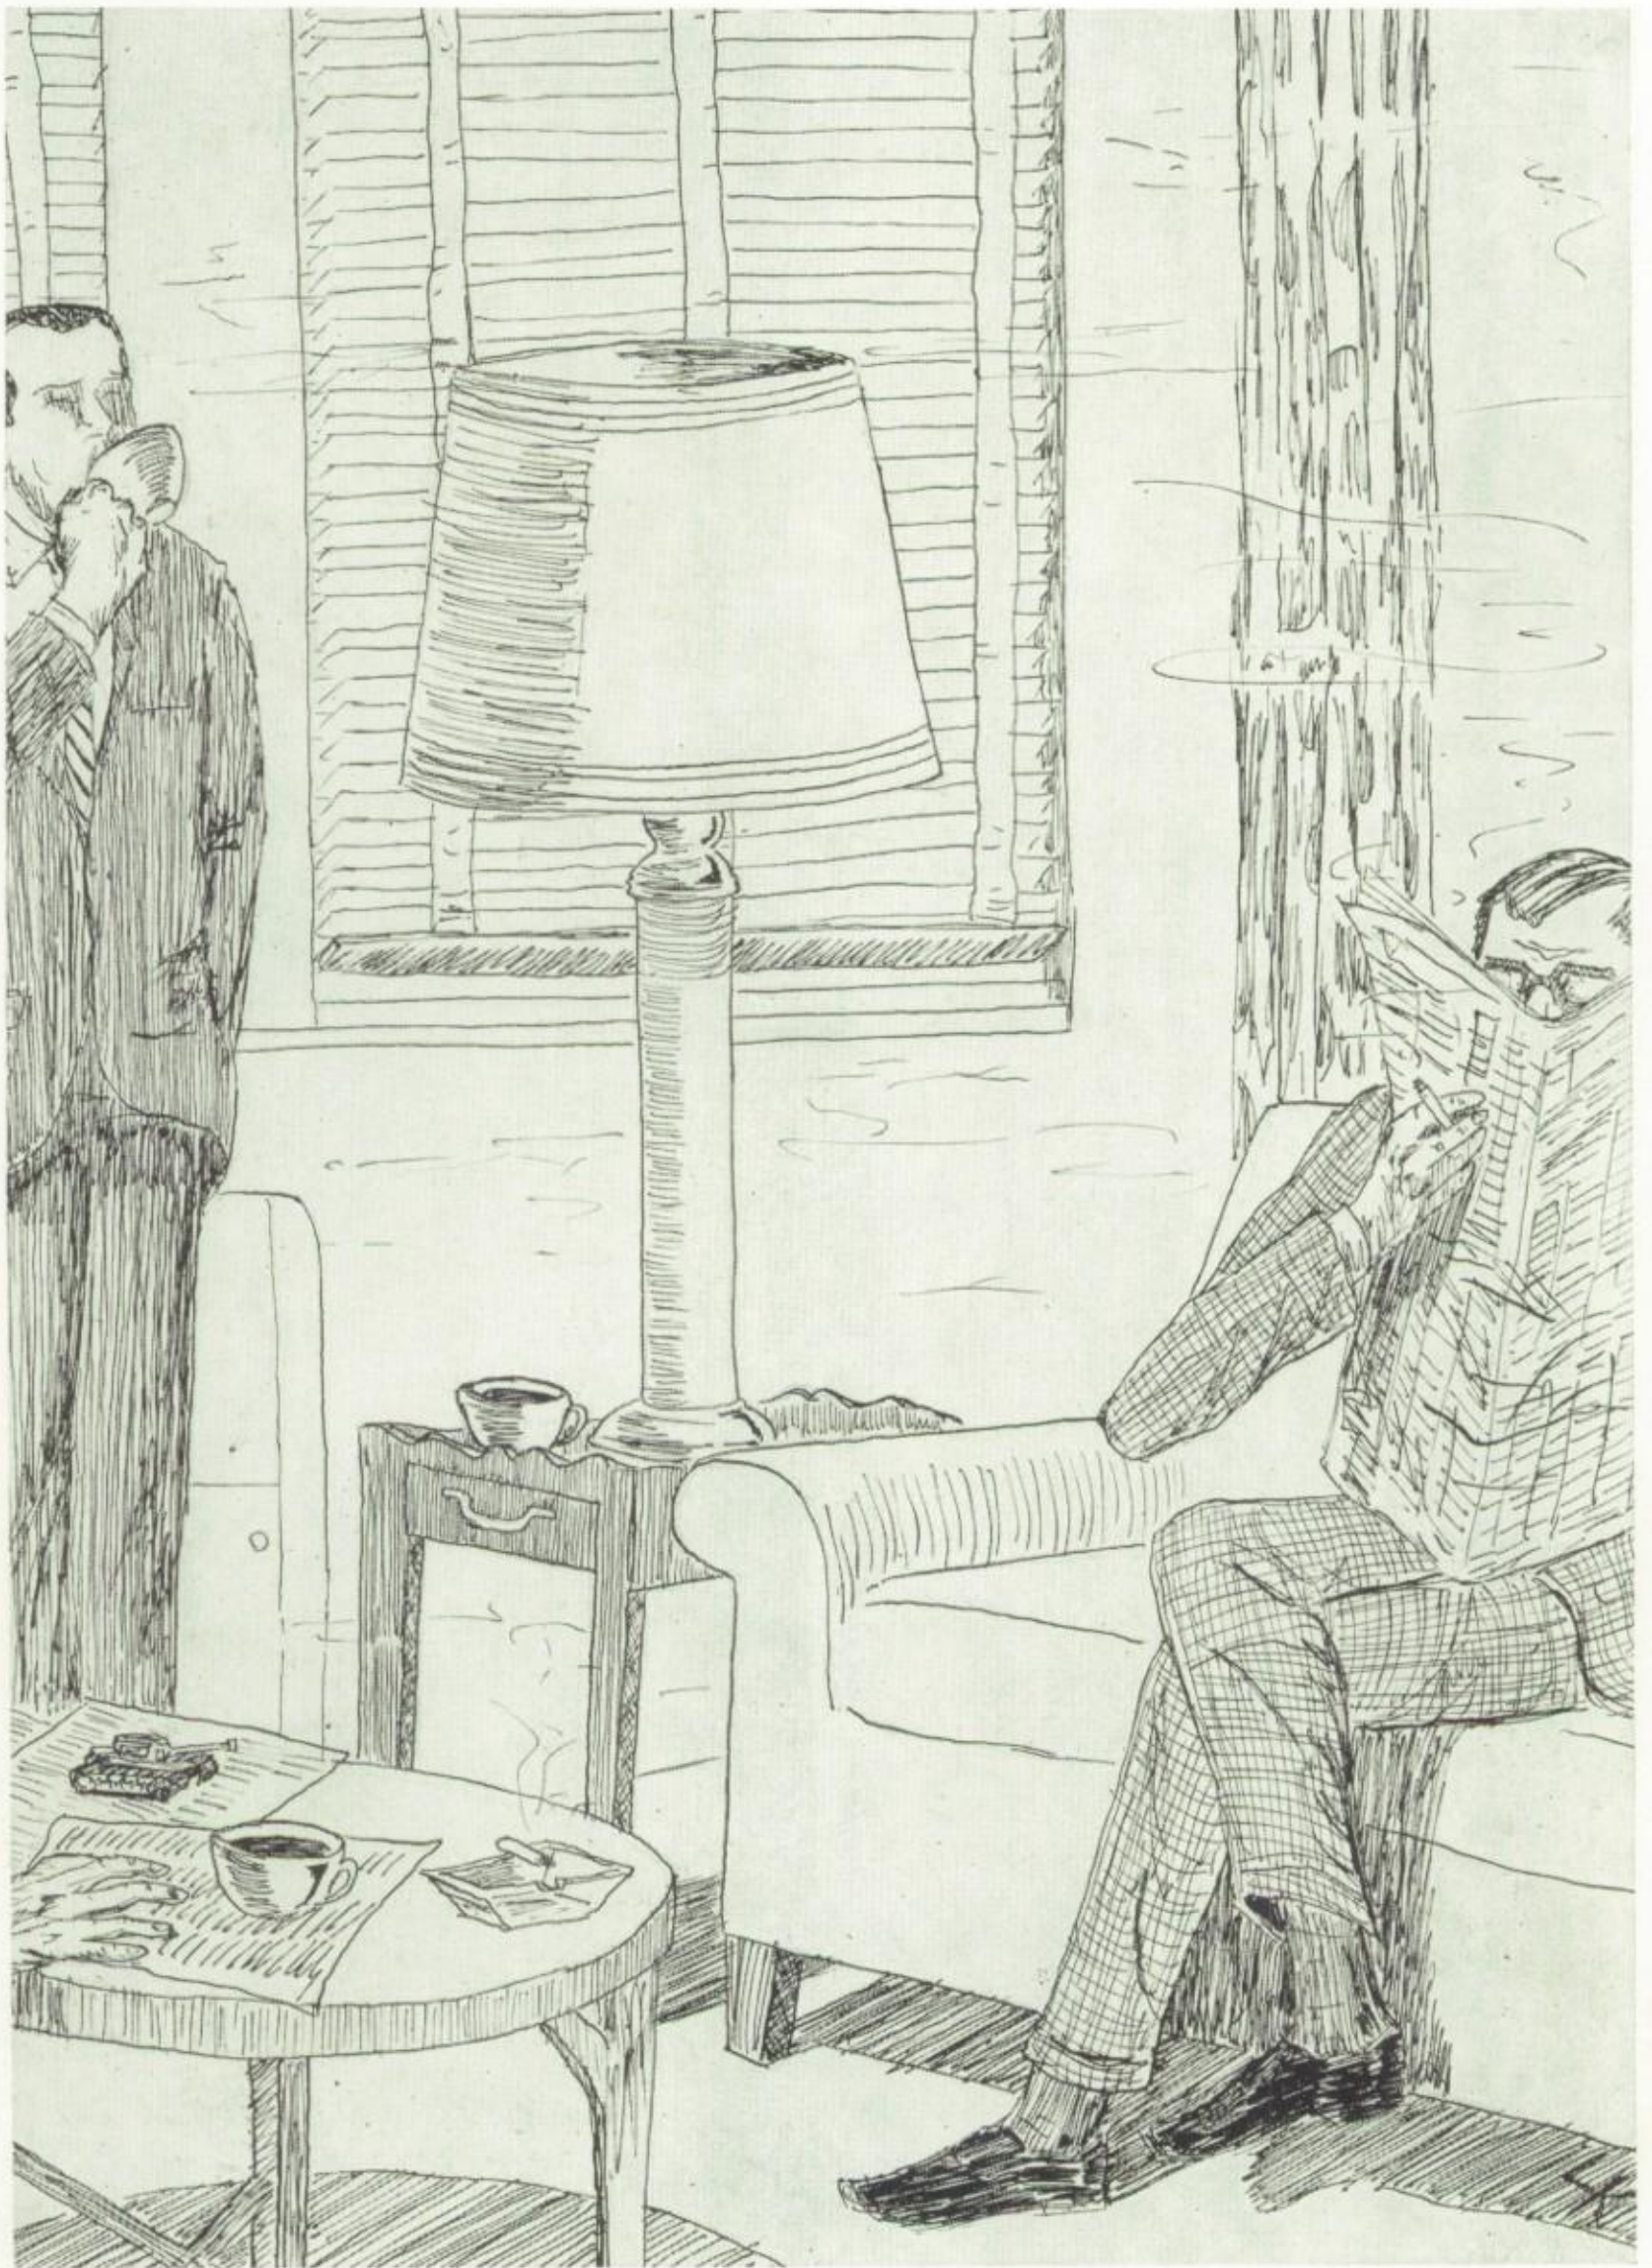

For many years, Mr. Black has been Alumni Secretary of the Academy, and in this position he has done much to strengthen the ties between

alumni and the Academy. Preparation and issuance of the *Alumni Quarterly* has been an important responsibility which he has carried out well.

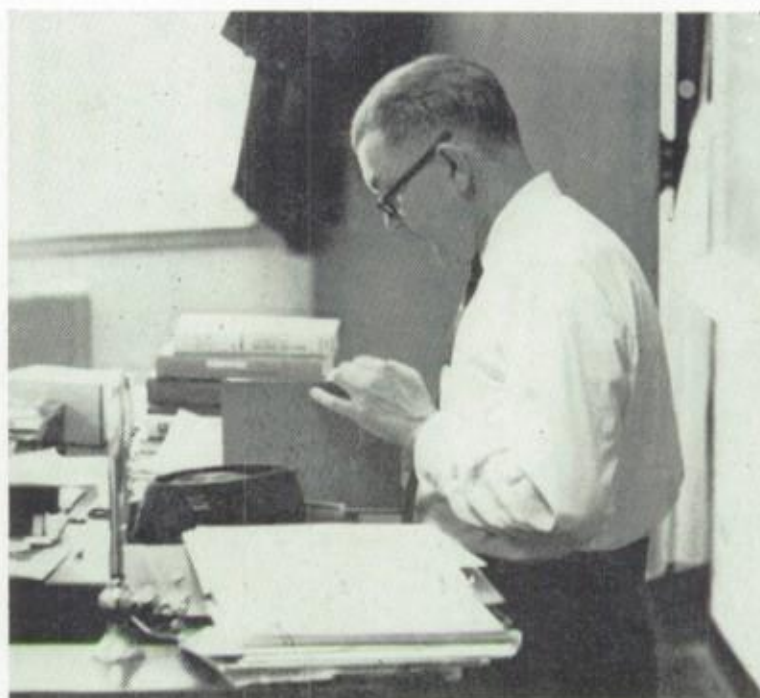

From 1946 through 1965, the Mercersburg yearbook, the KARUX, was under his competent direction as faculty adviser. During this time the publication won numerous prizes for excellence from the Columbia Scholastic Press Association.

For his dedication, interest, and loyalty to Mercersburg Academy for so many years, we dedicate this seventy-third edition of the KARUX.

With best wishes for
your future success,
Eric E. Harris.

June of 1965 saw the departure from the Academy scene of Mr. and Mrs. George F. Hamer, Jr. For forty years, Mr. Hamer had been an integral part of school life as Organist and Choirmaster, Director of Music, and as a teacher of Physics. A graduate of Phillips Andover Academy and Massachusetts Institute of Technology, Mr. Hamer had studied on the graduate level at Boston University, the Peabody Institute, and at the Summer Institute of the National Science Foundation at Bowdoin College.

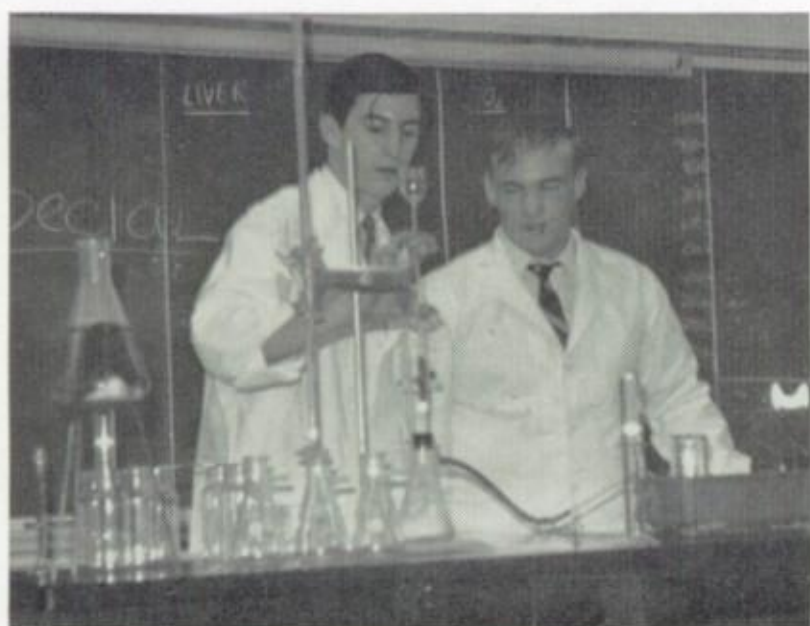

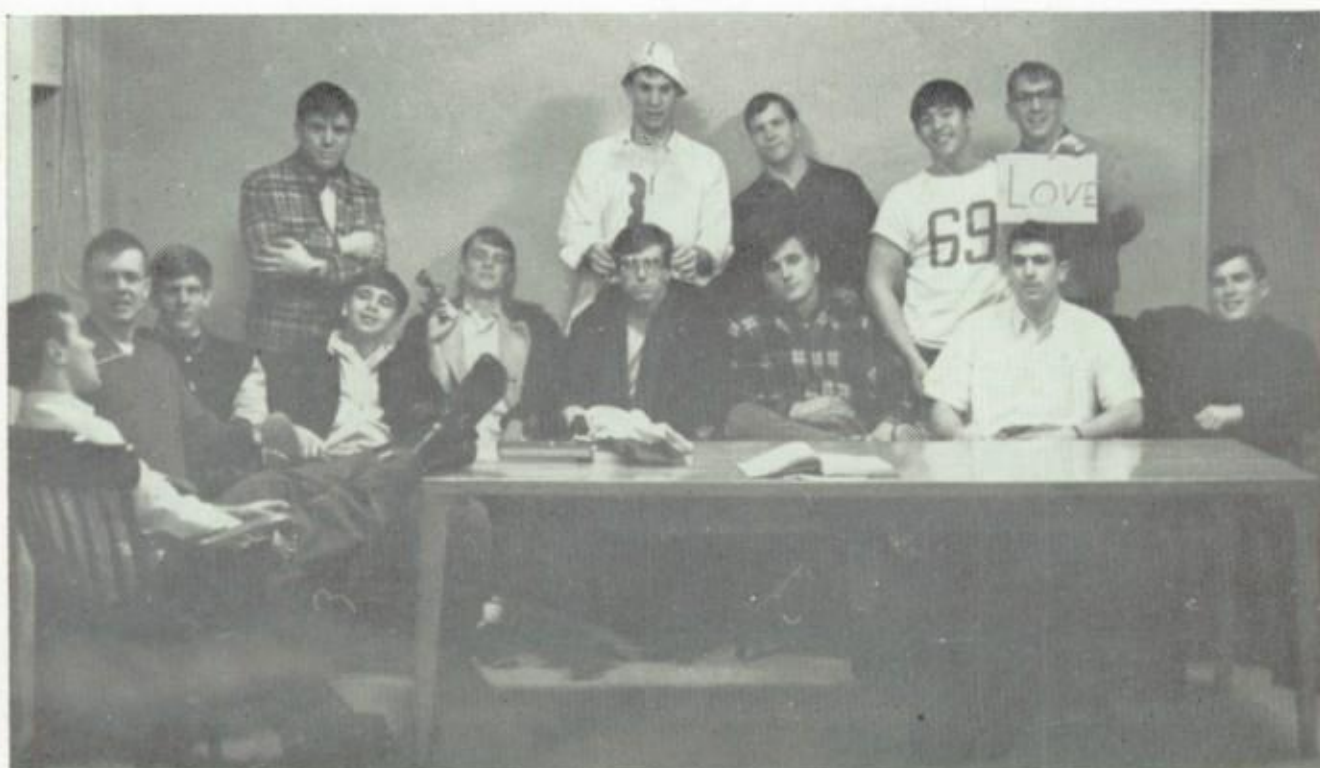

Mercersburg students, as they partook of the Chapel services, have often realized what a fine contribution was made by the Organist and

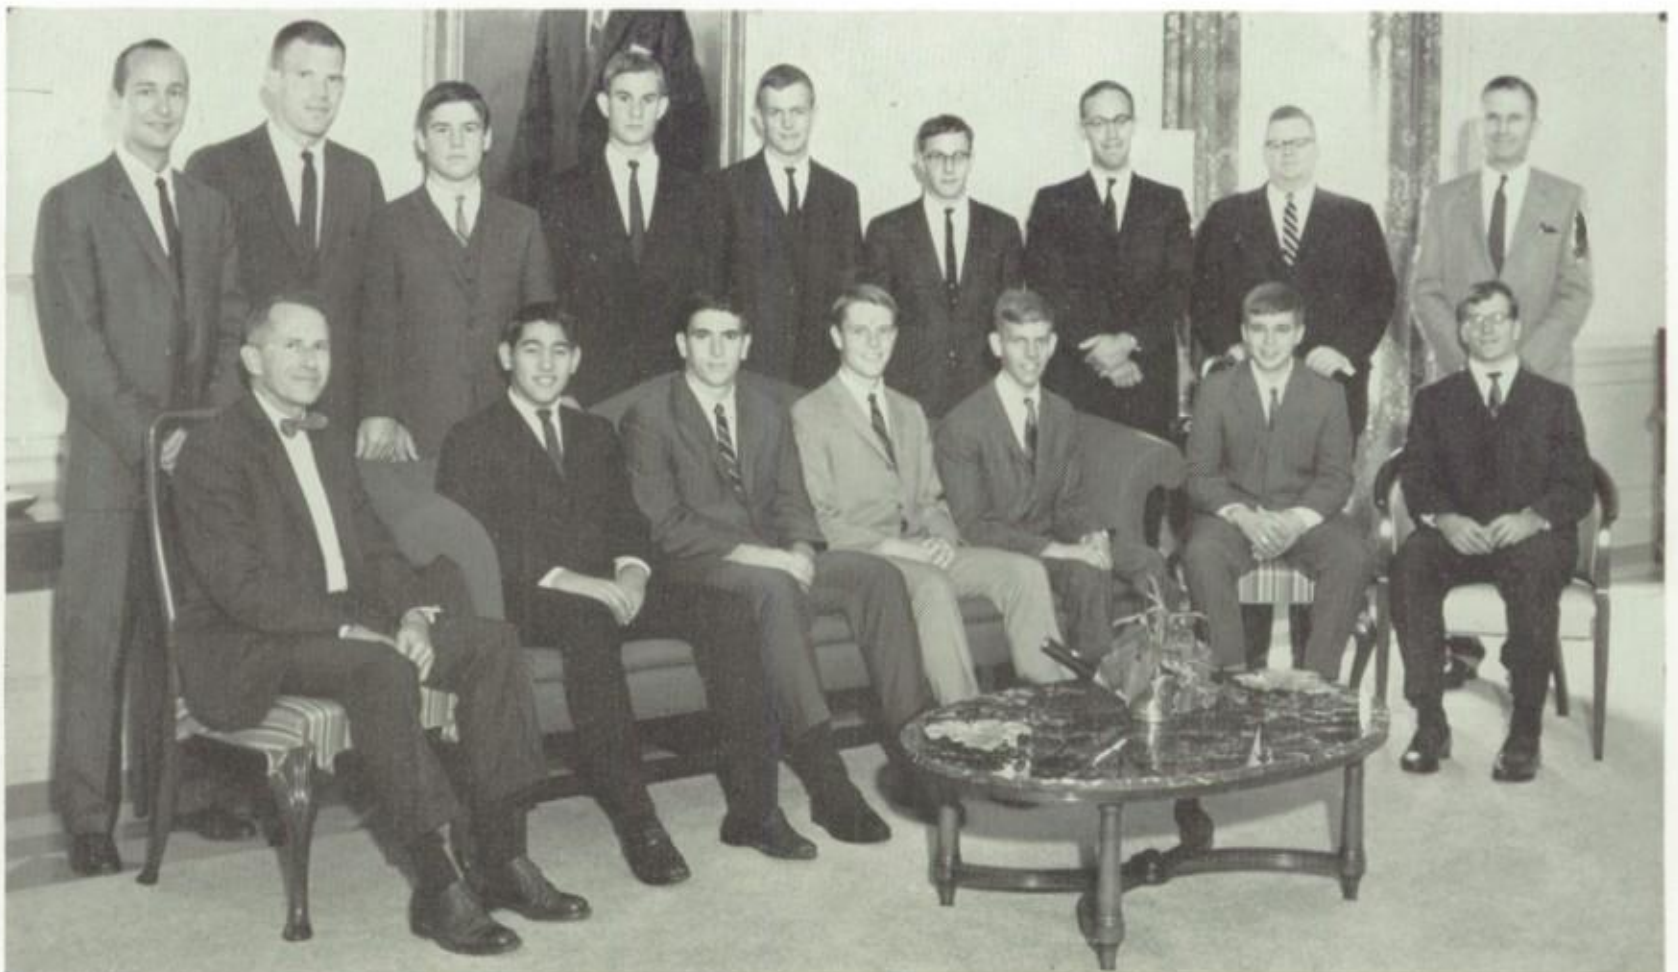

Choirmaster to the dignity and beauty of the service. The abilities of Mr. Hamer in this respect have won the admiration and praise of many over the years. His annual organ concerts also demonstrated his deep sensitivity to the creative music forms.

A man of quiet personality, and pleasant good humor, Mr. Hamer will be greatly missed.

Mrs. Hamer, as Director of the Reading Program from 1947 to 1965, will be kindly remembered for her ability in this field, as well as for her graciousness as a lady in the true sense of the word. Our gratitude and respect were demonstrated in dedicating the 1965 KARUX to her.

The Senate is the highest student governmental office, and election to this office is the highest honor a Mercersburg boy can obtain. It is composed of those boys who, in the opinion of their peers and teachers, have done the most for the school. This organization presently controls the newly instituted proctoring system and presents student ideas before the faculty for their consideration.

Our most important group?

Bob,

Four years of
our lives have passed
like so many blades of
cut grass. We come
and go and are ab-
sorbed by the mist.

Yet it is with
fond remembrance
that I look back on
the good times, the
hard work, and the
shaved cat. Nice
trick! As they
say, believe it's a pisser!

Remember to be a man - A MAN - and sleep with
your wife, have four kids, and go to eight colleges. (Not
to mention going through the war)

Take the Senate's
advice and you'll live happily

The Blue Key is one of the most unusual campus organizations. The group's function is to show the campus to prospective students and their parents. They create a fine image and aid in keeping Mercersburg's fine name and reputation.

The Fifteen—*First row, from left: S. Freedman, D. Davies, Lorentz (Secretary), Peterson (President), Seto (Vice-President), Matheson. Second row: Ver Standig, Steiger, Cole, West, Hughes, Lezar, Leslie.*

The Fifteen is a group of the most outstanding seniors in the field of English. Ideally there are to be fifteen members in this club, but due to the lack of outstanding students, there are only fourteen members of the Fifteen this year. Every year this society ponders a different enigma; this year's topic is "Man and Society—The Problem of Loyalties." Each member of the Fifteen is given assignments in reading pertinent to the topic, and he then addresses the entire group on what he has read. The monthly meetings at which the members expound their eruditeness are held in the homes of the faculty. Through this group, the school strives to elevate the quality of thought entertained at Mercersburg.

Math-Science Group—*First row, from left: Rogers, D. Davies, Grimm, Kenah, Morse, Seto. Second row: Rush, D. Saxe, Kury, Schamp, Hughes, Stamets, Lorentz.*

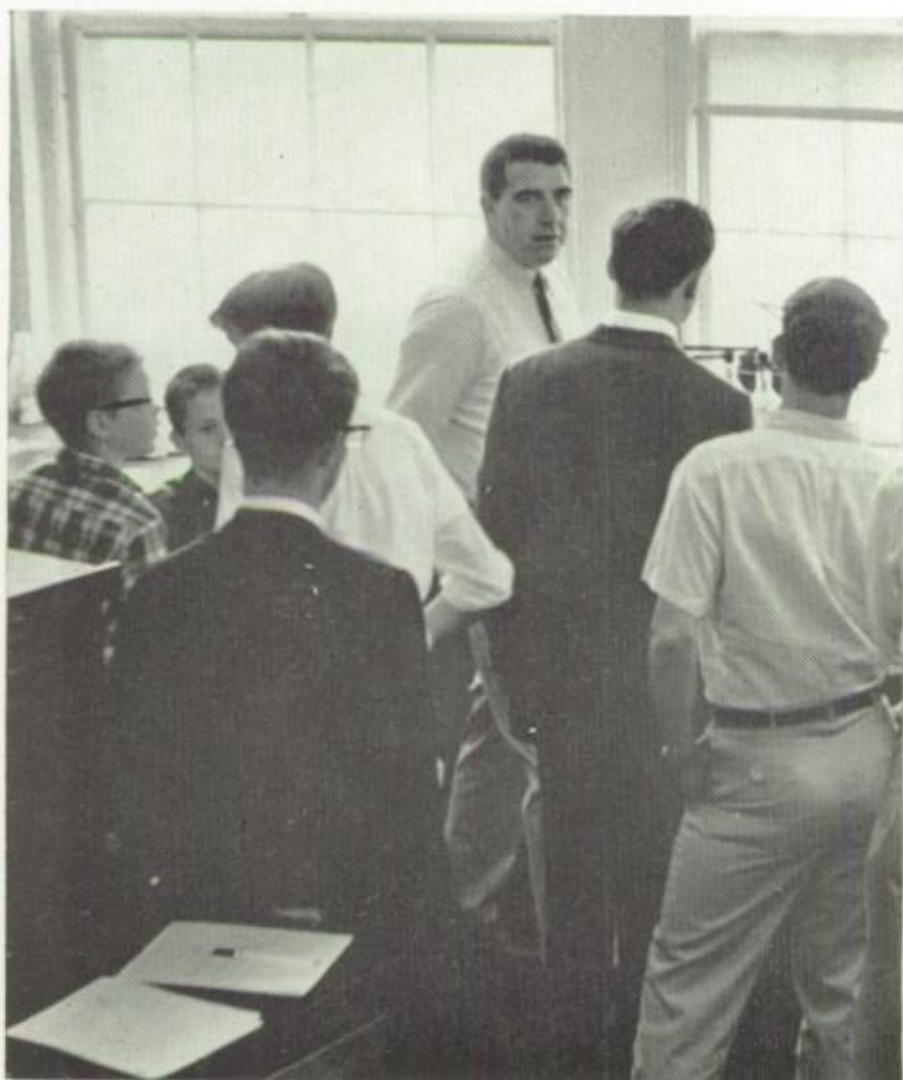

The Mathematics-Science Study Group is a group of the most outstanding students in the sciences. Each year these boys are selected by the faculty, and each gives at least one talk on a topic of his choice. The purpose of this group is to stimulate members to continue their interests through individual research. Meetings are held twice a month, and this group plans to expand when more laboratory facilities are available.

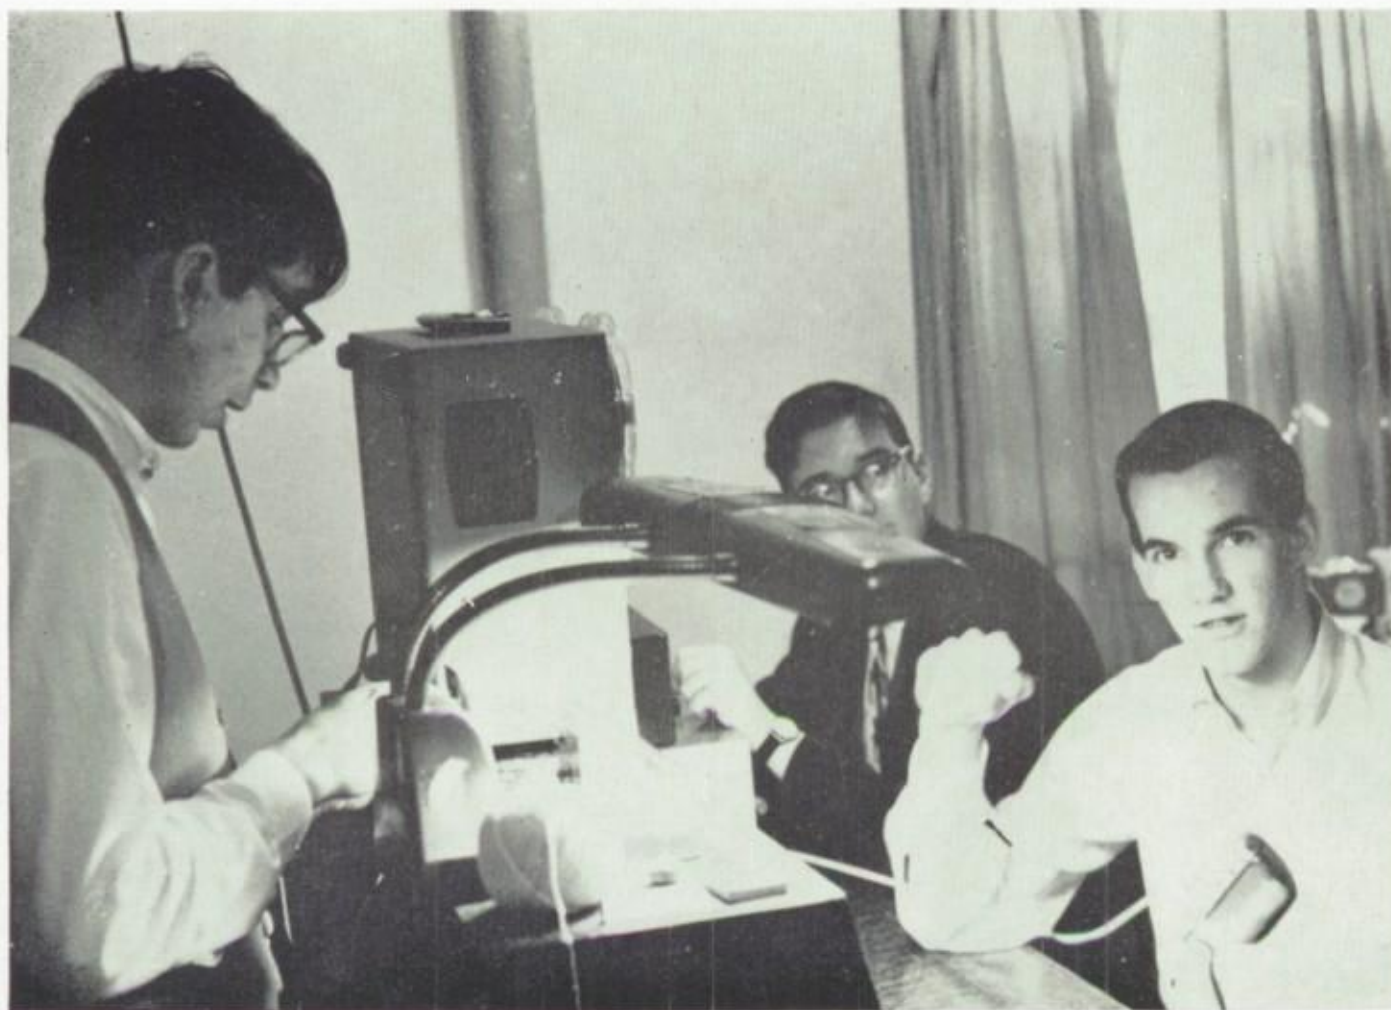

Chemistry Club—*First row, from left: Lorentz, D. Saxe, Grimm. Second row: Rush, A. Miller, R. D. Coates, R. Sollenberger, Stevenson. Third row: Avirett, Aitcheson, Hazzard, Ake, D. Davies, Kemper. Fourth row: Washburn, Cofrin, Neeley, R. Bell, Bostwick, Guenon. Fifth row: Wohlsen, R. C. Smith, Croner, Scoblionko, Divelbiss, Seto, Mr. Harris.*

The Chemistry Club is an honorary society made up of boys who have excelled in this subject. The club's program is to give those students who are interested in chemistry a chance to learn more about the subject than is taught in class. Presently Mr. Harris, the adviser, is engaging speakers to address the club, and in the future he hopes to provide laboratory work in the new laboratory which will be added to Irvine Hall.

"WMER — 650 on your dial"

WMER, the school radio station, has been dormant for the past two years due to the lack of proper transmitting facilities. This year, after a fund-raising drive, WMER was able to buy the rudiments of a new station, which will be added to as soon as new funds are available. The Electronics Club meets every Saturday morning in the basement of Swank Hall. The club-room is equipped with various testing instruments making it an ideal workroom. A repair service for student record players and radios is also a service of the group.

The major role of the club is a social one, and the year is highlighted by a dance with the Penn Hall French Club. A combined French-Spanish Club dance was added (obviously to promote better Franco-Spanish relations) this year, and girls from surrounding schools were invited.

The Italian Club is an innovation in education at Mercersburg. An Italian Club member does not receive credit for his work, but is offered an opportunity to become proficient in the Italian language. Under the direction of Mr. Adams, the class has followed a difficult and concentrated course.

Boys' work is to make a picture of student life here at Mercersburg. These boys work for the first seven months every Saturday and several times a week; cropping pictures, writing captions, composing group write-ups, drawing layouts, identifying group pictures, and typing material are all part of their task. This group also schedules group pictures and takes charge of photographing seniors. This year's staff has made an entirely different KARUX in hopes that it will be more personal than ever before.

The *View* is Mercersburg's student opinion publication. Unlike the *News*, which has a small space reserved for letters to the editor, the *View* consists of articles written by students on their attitudes toward their environment, domestic crises, politics, and foreign policy; it is also a source for students to express themselves on

school affairs. It attempts to present a different outlook on viewpoints of any given subject. In the past the *View* has been predominantly a political paper, but this year the *View* has turned to subjects which are more appealing to the students.

The *Lit* is a publication, released several times during the school year, in which the leading English scholars of the Academy are given a chance to exhibit their skills. The staff members are selected for their writing ability by Mr. Schellenberger. The *Lit* is in magazine form and contains many excellent poems and stories written by present and former students.

The Press Club, under the direction of Mr. R. L. Smith, keeps a record of many athletic events including football, basketball, and swimming meets. During the fall season it operates the public address system at football games, which keeps the spectators informed of changes and players, and of the plays of the respective teams.

The *Mercersburg News* is published twenty-five times a year under the supervision of Mr. Barker. The *News* covers items of interest on the Academy campus such as student leaders, honor rolls, and sports highlights, and in addition prints many informative articles. An efficient and capable staff works together to get out the paper on a weekly deadline. Work begins each Thursday, when *News* assignments, which must be turned in by Sunday night, are handed out by the editors. Tuesday the staff gathers in the *News* room for proof-reading. Then the job of fitting and cutting is performed for the final inspection. On Friday the finished paper is returned to campus and that afternoon is distributed by the Business Board.

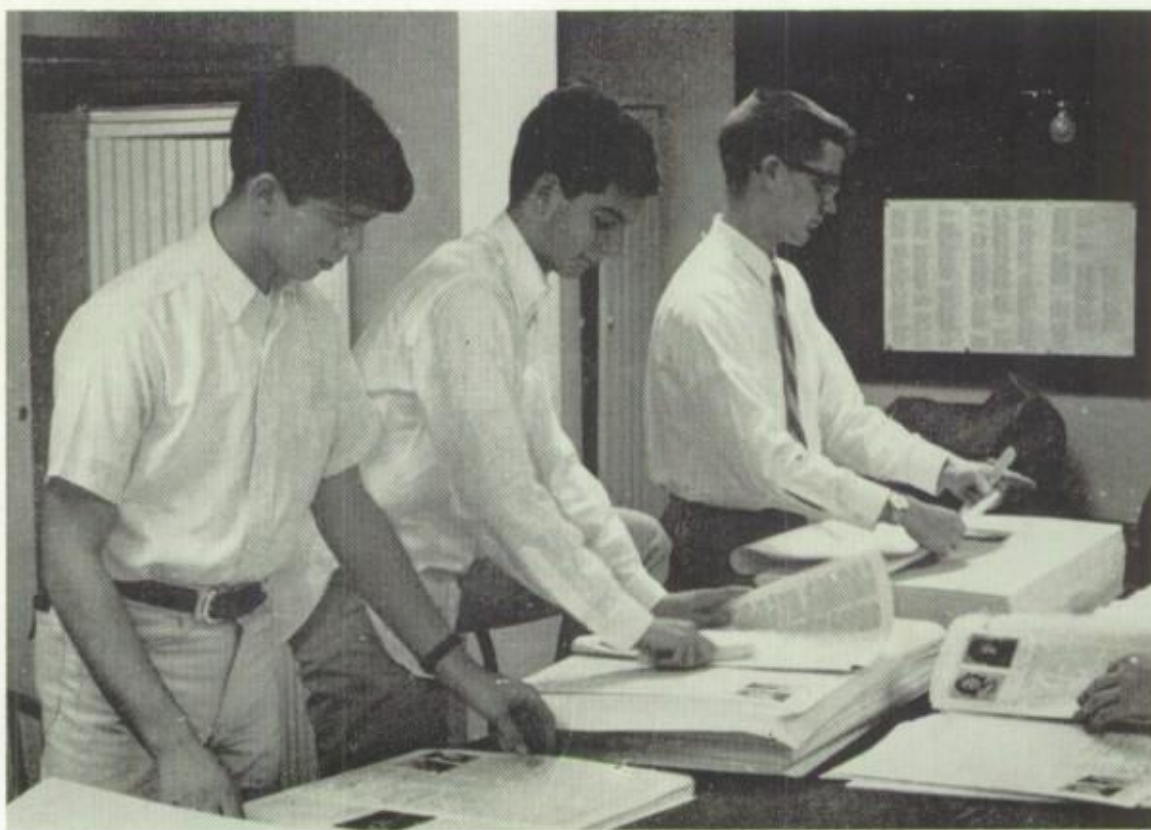

News Business Board—*First row, from left: Katz, Crisman, Mallory, J. Miller, Grimm, Gelfand, Timberlake, Hinke, Isaacs. Second row: Aitcheson, Lounsbury, Hamburg, W. Gordon, Yates, Kern, Shay.*

The Business Board of the *News* is the division of the school newspaper that folds and prepares the papers for distribution. Every week it folds all the papers and puts the ones that are sent home to parents into envelopes for mailing. After this has been done, they carry the remainder to the school Post Office and place them in the students' mailboxes. The Board also has the job of getting advertisements for the paper.

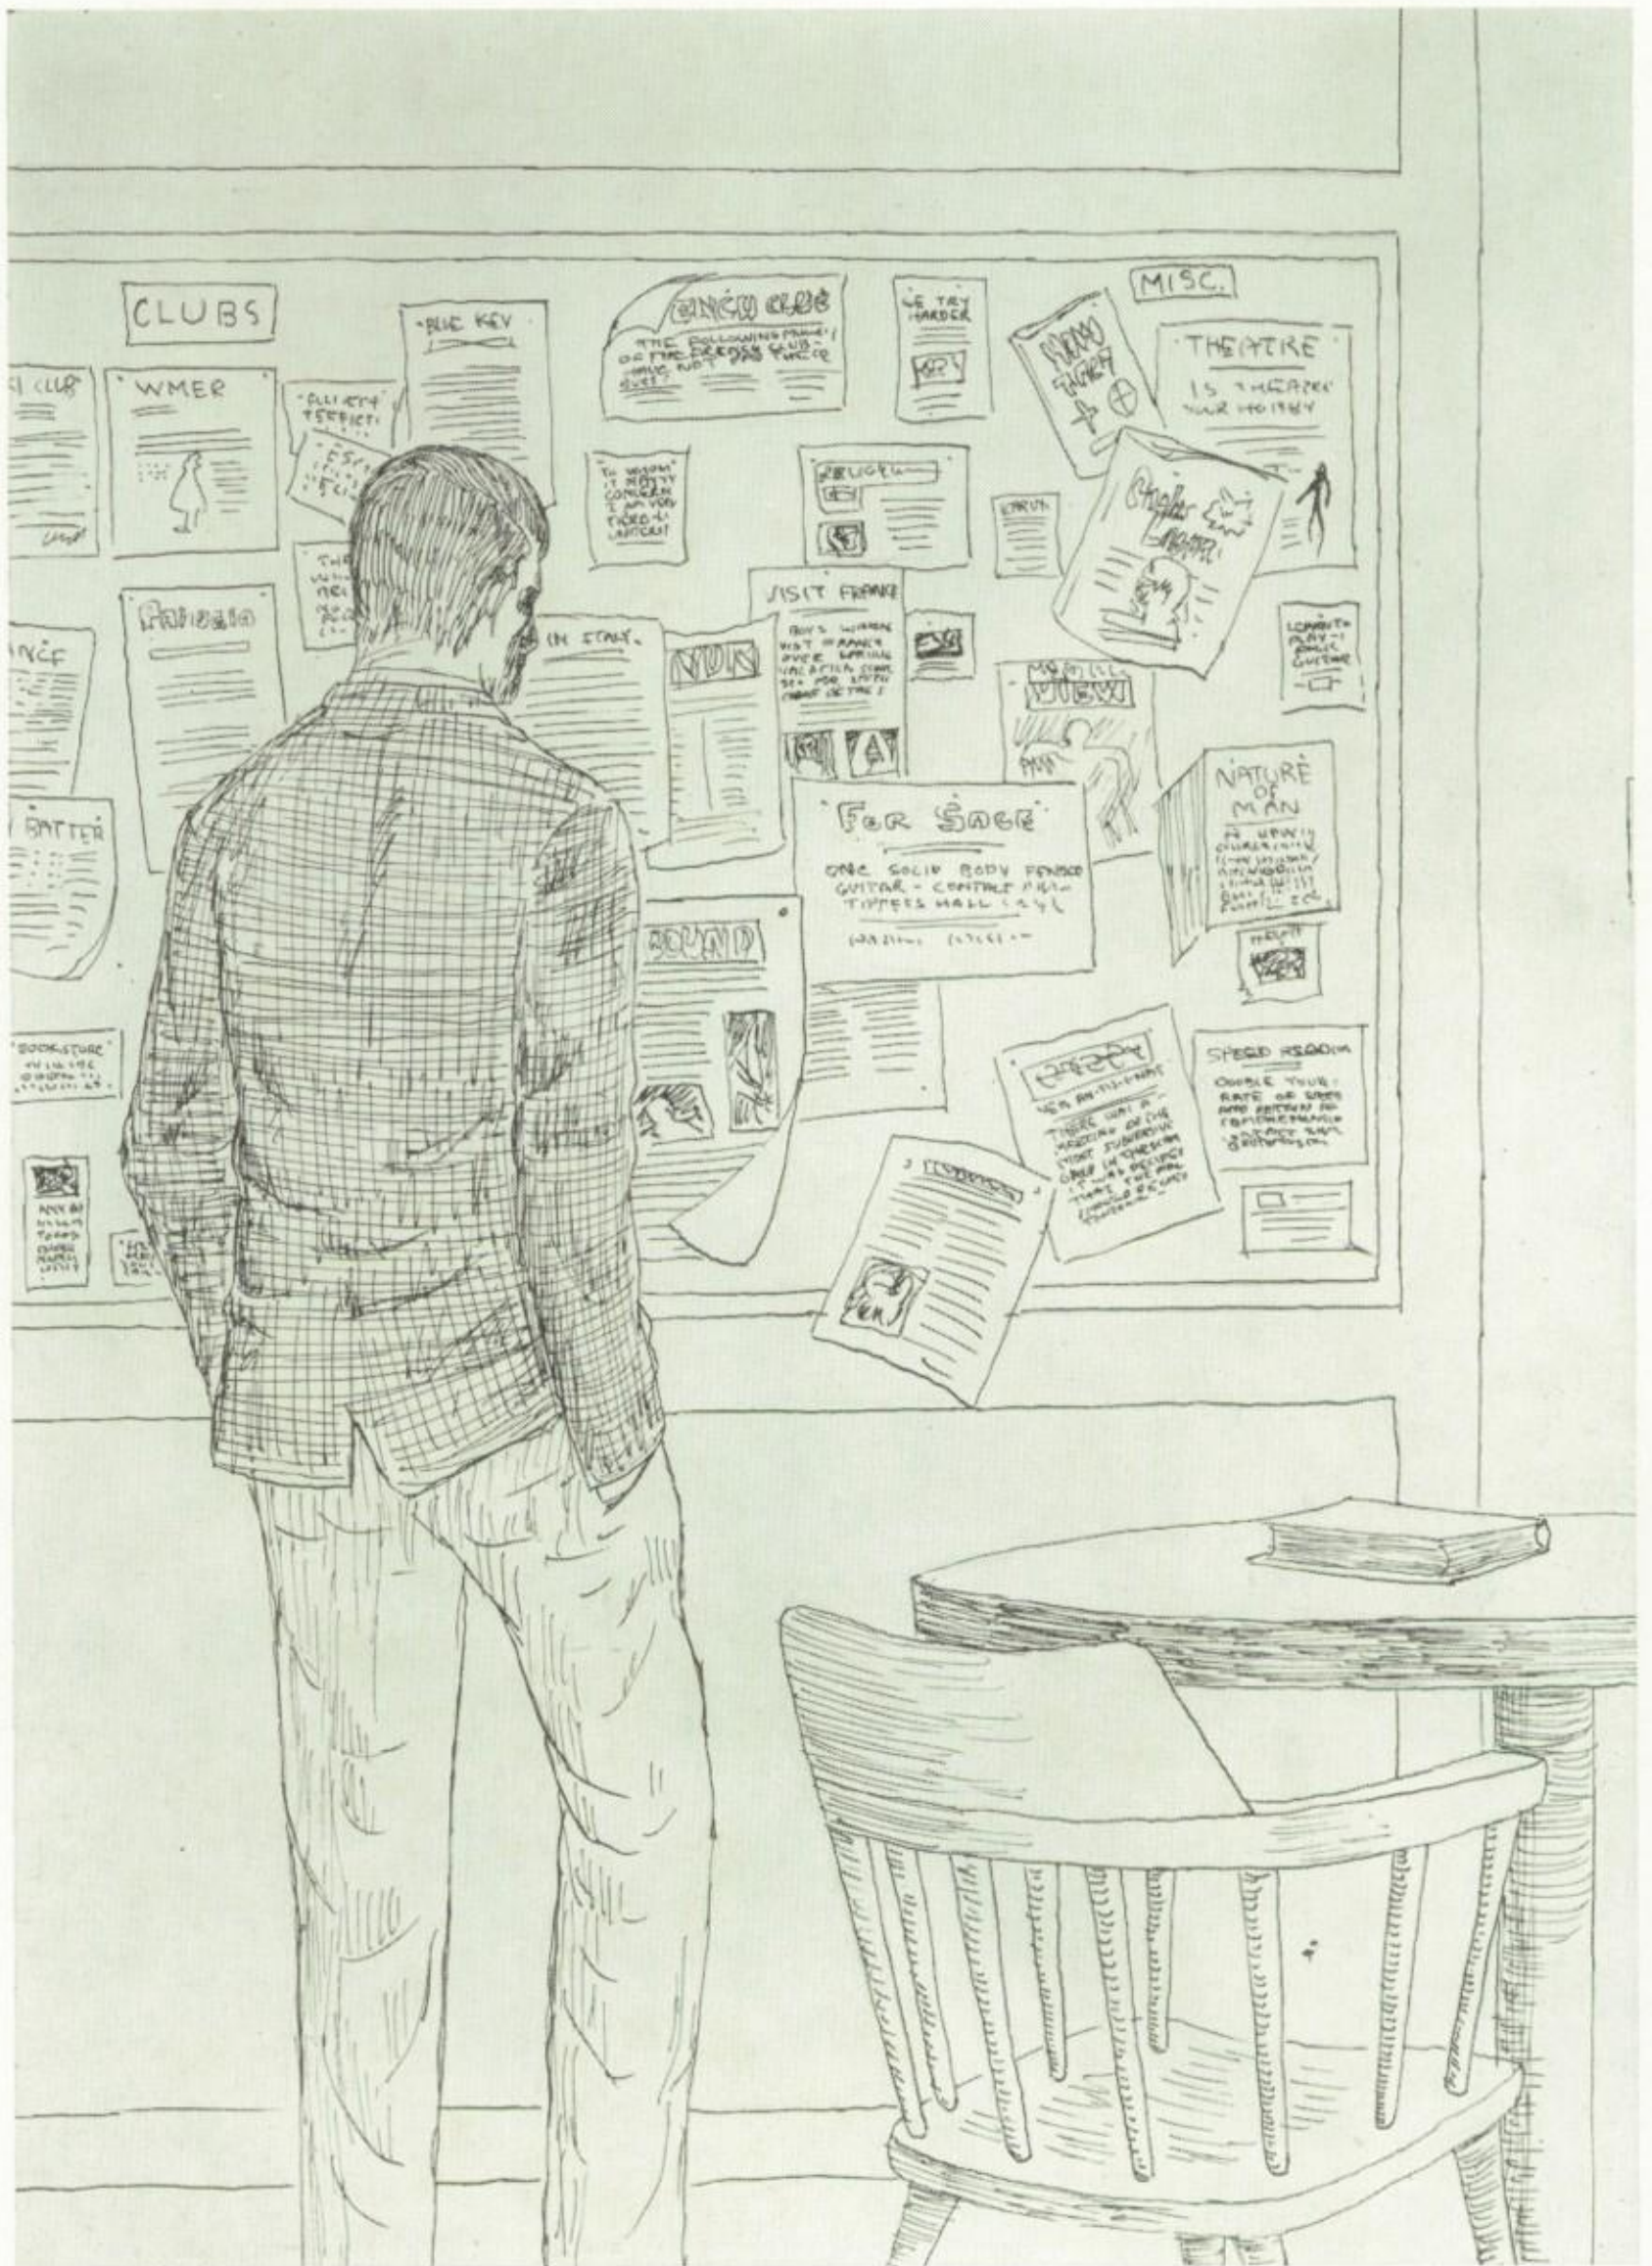

As usual, many members of the Business Board attend regular Friday meeting.

Cheerleaders—*First row, from left: Feld, Hamburg, Rossmore, T. Gray. Second row: Pore, Robinson, W. G. Mackey. Third row: S. Gordon.*

This year the Cheerleaders tried to give the school spirit. They were at every home football game and at Lawrenceville. During each half time, they were out on the football field cheering the Cross-Country men. The Cheerleaders also organized pep rallies on Friday nights before games, giving the teams a will to win, and showing that the students wanted victory.

The Marshals of the Field is a group of boys which keeps order at the football games. These boys hand out programs, give directions to spectators unfamiliar with the campus, and make sure excited fans don't charge onto the field. Also on the nights before big games, the Marshals help the Cheerleaders herd mobs of victory seeking students to and from pep rallies.

The Varsity Football team, coached by Mr. Wallace, Mr. Keller, and Mr. Ibbeken, had a 2-5 season record. The highlight of the year was the Alumni Weekend, when the Varsity team defeated the Hill School 20-14. Despite the season record, one can see by the scores that most of the games lost were only by a difference of one touchdown. This fact was due to the never lacking effort and spirit of everyone on the team.

Pedrick brings carrier down in mad scramble.

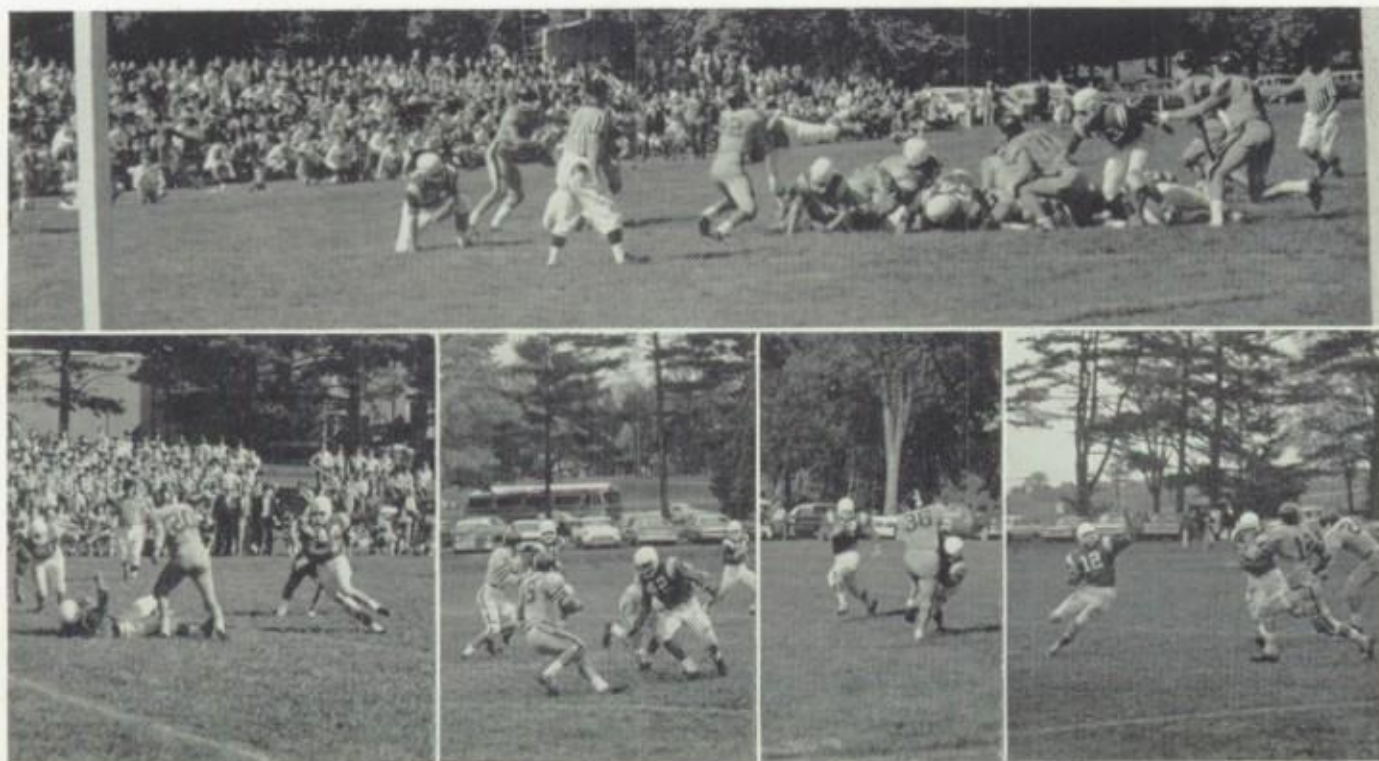

Martz goes around the right end as an anxious opposition is blocked out.

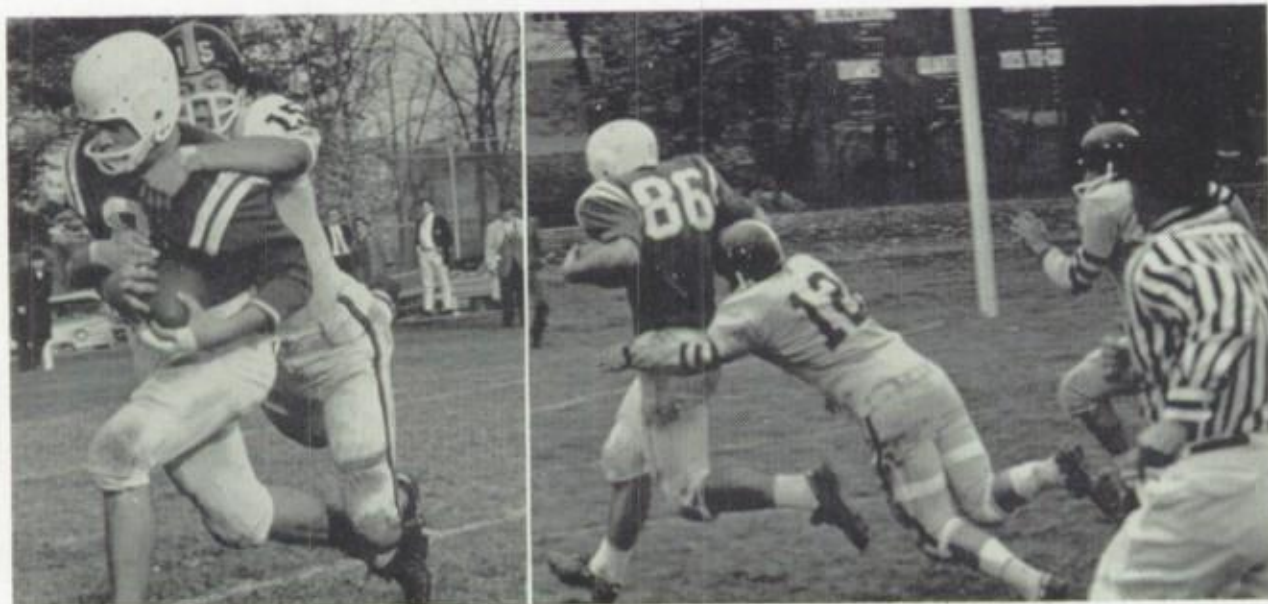

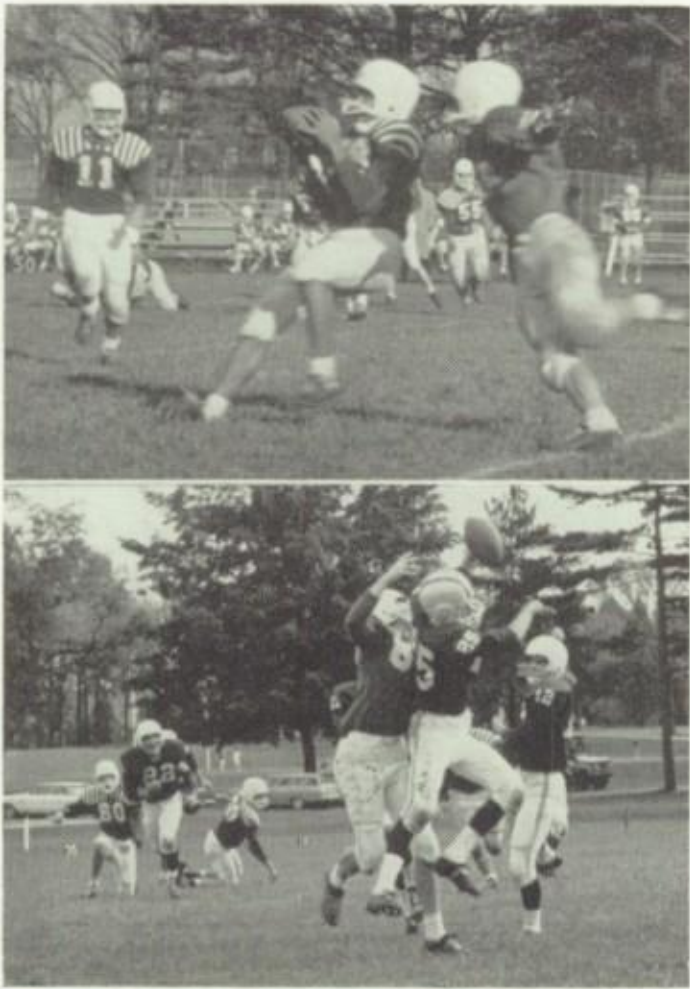

Freedman moves downfield while two opponents hang on.

Martz plows thru front line to bury Hill.

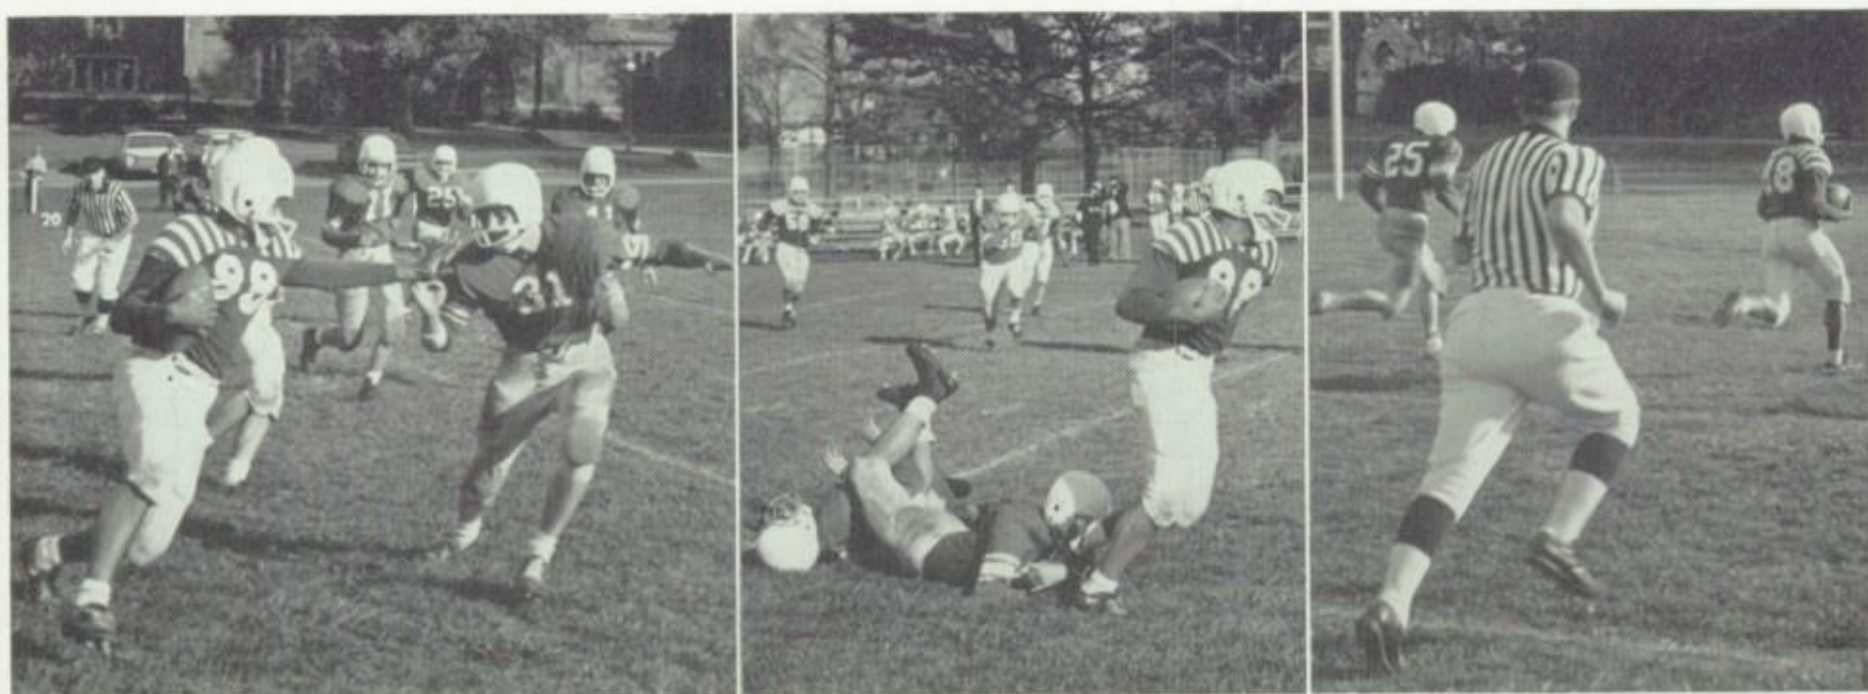

The Junior Varsity Football team under the coaching of Mr. Burbank compiled a winning season of 3 wins, 1 loss, and 2 ties. After losing their first game to The Scotland School through lack of experience, with hard work and a desire to win, they were able to come back and either win or tie the remainder of their games.

Supported by eight returning varsity "bike-men," this year's Varsity Soccer team booted its way to a successful 9-1-1 season. It was a team characterized by individualism, good nature, *sang froid*, and unwavering effort. A defeat by Hill marred the season, and was the varsity booters' first loss in 23 conquests. This year's Varsity Cross-country team ran itself to a most successful 6-2 season capped by a tie with South Hagerstown High School for the first place in the annual Cumberland Valley Championships. Due to a seasoned squad from the 1964 Junior Varsity and new recruits, the team had much depth. The Junior Varsity's outstanding record and the lack of graduating harriers should foretell an excellent 1966-67 season.

Led by Captain Doug Sisterson, this year's Junior Varsity Cross Country team raced to a successful 6-1 season and also had a first place in the Cumberland Valley Championships. Throughout the year, the runners were paced by Craig Walmer, Phil Jones, and Ken Bailey, and coached by Mr. Emory and Mr. Evans. The team gives an encouraging outlook for next year's Varsity season.

The Varsity Basketball team was not quite as tall as it was last year, but to make up for this, the team was more agile. No one of the first five was more outstanding than the other. Each game had a different boy as high scorer. Their record of 6 wins and 9 losses does not show the team's true merit.

The Junior Varsity Basketball team, under the direction of Mr. Tyson, completed a good season with six victories and four defeats. Through their hard work and good spirit they achieved a record to be respected. Woody Bunting and Charley Crothers, the team captains, led the team adeptly through the season. The 65-66 season was fairly tough, but the team fared very well.

The Varsity Swimming team, coached by Mr. Schonheiter, had a record of 4 wins and 6 losses this year. This year was the first losing season that Mr. Schonheiter has had since he came to Mercersburg in 1956. After losing a few close meets, the team lost most of their spirit and drive to win. They were also plagued with sickness throughout the season. Next year's team promises to have a good season since only two members are graduating.

The Varsity Wrestling team, although having a losing season, was the most promising team that its coach, Mr. Keller, has seen since he has been here. Of the team's three sole victories, one of these was an upset of a lengthy winning streak. Plagued by injuries towards the end of the year, the team had high hopes upon entering the Eastern Interscholastics at Lehigh.

Merely looking at the 3-2-1 record of the wrestlers, under Mr. Husted's coaching, does not show the complete story. These boys worked hard this season to develop wrestling techniques which will be useful next year. This young team is a good basis for Mr. Keller's future team. The boys seldom if ever wrestled poorly and gained much experience for the future. The competition which the Junior Varsity wrestlers faced was at its best and Mercersburg was also.

Last year's Junior Varsity Tennis team under the excellent coaching of Mr. Humphreys and Mr. Chandler compiled a fine record of 7 wins and 1 loss. The squad showed great progress with each meet. Although lacking a strong first man, the team displayed great depth and this depth was definitely an asset. By the end of the season Mercersburg had been assured of some very fine teams for the future.

The Varsity Track team, under the coaching of Mr. Emory, Mr. Evans, Mr. Lorch, Mr. Wallace, and Mr. Steiger, compiled a successful season of 5 wins, 1 tie, 2 losses. The team also placed first in the St. James Relays and received 2nd and 4th places in the Penn Relays. This year's team has many returning lettermen and should be able to look forward to another successful season.

Many new boys as well as experienced veterans answered to the beckonings of the new assemblage of coaches on the lacrosse field. At first this relatively new club's existence seemed doubtful, but the turnout was rewarding. Coaches Kornrumpf, Beckford, Crutchfield, and Bronk did a spectacular job of transforming timid, inexperienced new boys into tough, co-ordinated teams. The Lacrosse team has become one of the most popular spring teams on campus.

The Fencing Club has been in existence for four years now, and this year it finally had its first official meet. Under the expert coaching of Mr. Adams and Mr. Bursk the group has improved greatly. The fencers won their first meet against a favored Lawrenceville team, and the team is now planning to enter the regional championships and other A.F.L.A. tournaments.

The Winter Track team helps to get trackmen in shape before the spring season. Boys compete in the same events which are part of spring track. Although a great many spring trackmen are not on the Winter Track team, the team holds several meets, and the sprinters attend various relays.

The Varsity Club consists of Mercersburg athletes who have received their Varsity letter at Mercersburg. It operates the refreshment stand and provides Varsity lettermen with sweaters. This organization keeps Mercersburg's athletes at their peak of proficiency, a desirable goal for athletes.

The Mercersburg Address, June, 1966

THE MERCERSBURG ADDRESS, JUNE, 1966

Four years and several days ago the administration brought forth on this Academy a new class, conceived in ignorance yet dedicated to the proposition that all students are naturally intelligent.

Now, however, we are engaged in a great academic war, testing whether that student, or any student so conceived yet so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of ourselves in tribute to the faculty who gave their lives that students might live. It is altogether fitting and proper that we should do this.

But, in a larger sense, we ourselves cannot dedicate—we cannot consecrate—we cannot hallow—this school. The brave students, present and past, who struggled here have consecrated it far above our poor power to add or detract. The world will little note nor long remember what we say here today, but it can never forget what we and they did here. It is for us, present here, rather to be dedicated to the unfinished achievements which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from this honored school we take increased devotion to our cause next year, which is due so much devotion; that we here highly resolve that this school shall never die in vain; that this community, under God, shall each year have a new birth of freedom; and that education of the students, by the students, and for the students, shall not perish from the Mercersburg Academy.

Dear F- U. of A. lasted 6 mos - 20 yrs - ended up Colorado College '78.
Amazing how all of our goals, ambitions, and expectations
can be modified. I'm happier than I expected, doing
things I never thought I would. Best always.

You've taken a lot of crap this year, Bob, but things might change in college. What was the name of that college again? Maybe I'll see you at Carnegie in a year. Thanks for the thirty hours you damn sat-burglar. Just remember who was the barber. Listening to and watching you, Valverde and Rial has been very interesting and educational for me this year. Good luck and all that crap.

*Bob - great job on our
20th - we are all better people
for having been at the
"Burst" together - the memories
are strong and nearly all
good. See you
in S.
OK*

ALMA MATER

*High tower above us her pillars,
In majesty crowning the hill,
She has faced the wild storm-waves of years
And bravely she faces them still.*

*Come, Mercersburg's sons, and we'll praise her;
The world will we tell of her fame,
Till down the long train of the ages
Shall echo old Mercersburg's name.*

*This world, sweeping mightily onward,
Shall whiten our hair with its years,
But ever we'll praise Alma Mater
With full hearts and loud-swelling cheers.*

*Bob,
remember the AS, and especially
that infamous cat that we did a
kitten job on. Good luck to you
next year in college.
Phil Syracuse '70*

*Best of luck with
the animal show!
Wssy.*

right or wrong?

"The fairest economic system takes from each according to his ability and gives to each according to his needs."

Do you agree with this philosophy? Think about it for a moment.

Before you answer, let's apply this thinking to high school football. A hard-fought game has just ended with your school winning 12 to 0. Your student body is cheering. But before the stands clear, the officials huddle... and decide to give one of your touchdowns to the losing team. Instead of winning 12 to 0, you now have a 6 to 6 tie!

The officials simply took from your team "according to its ability"... and gave to the opposing team "according to its needs."

Ridiculous? Of course it is—because it would destroy the *incentive* to win. And *incentive* is not only the key to winning football games... it is also the key to the fairest—and most successful—economic system in the world. Here in America, we call that system "free enterprise"... where every individual is *free* to succeed or fail in proportion to his own efforts.

Backword

One word which I hope will not be used to describe this year's KARUX is "backward." After many years of repeating the style of the forties, this year's KARUX staff decided to make as many changes as possible, not just to break tradition, but to make a yearbook which is more personal to the students.

In this year's KARUX we tried to make as many revisions as we deemed necessary, without making any reversions.

First, the KARUX is a record of our school, and as such, one must look forward, not backward. As a result, the seniors become of secondary importance, and one must look to the back of the book to find them. However, I hope that the senior class will see its seniority in the school: for now it has the last word in this book (except for myself!).

Secondly, the engulfing articles concerning groups about campus, which are virtually inactive, have been completely replaced by accurate descriptions of the groups' roles and activities. This was done because it was felt that these organizations, being falsely credited, were grave injustices to a true picture of Mercersburg. I hope that in the future, organizations will not exist merely so members may get their pictures in the yearbook, or so that *The Underwater Survival Group* may be written on their college applications; but so that members will benefit through experience in these groups. Each organization was given space in this volume in proportion to its role, as seen by the staff, in the life of Mercersburg.

Sketches have been included to give a different face to divider pages, and to portray generally what Mercersburg means to us. I hope that these will bring a sparkling recollection of the many facets of life at Mercersburg, now, and in later years.

An entirely new section of informal student pictures has been added to break the formality of the book. This section, I hope, will change the IBM categorization of students into a pictorial summary which shows their spirit and qualities with infinitely more warmth.

This year more than six hundred and fifty pictures have been used with as little text as possible, in hopes that each picture will be worth a thousand words. For his inestimable time and service, I would like to thank Fred Rial deeply. He went for more than sixty hours without sleep, in order that the KARUX would have the necessary photographs developed and printed. Many of Fred's Saturdays were spent either on buses going to athletic contests, or at the gym photographing events.

Without Mr. Kittredge and Mr. Johnson, the KARUX would have degenerated into an expensive game of Scrabble or an expensive family picture album. They may find it hard to believe that such a troublesome staff can suddenly be so grateful, but if they have aged in tolerating us, we have grown under their tolerance. Not only did they modulate our fertile, often impractical imaginings, but they encouraged us whenever our imaginings failed us and the going was rough. Any gems which may have resulted are a consequence of their actions; however, any mistakes must still be put on my shoulders.

Thanks to Larry Kopf for his sketches, as he was our only resource, and he did not turn us down.

We owe a debt of gratitude to Mr. J. Conner of Garamond-Pridemark Press for his valuable time and patience; to Mr. C. Magee of Westminster Studios for his pictures; to Mr. H. Baker of Publicity Engravers for taking care of our many engravings; and to the countless others who have helped to make this 1966 KARUX possible.

I would like to thank Fred Rial, Mr. Johnson, and Mr. Kittredge, Mr. Conner, and the entire staff for tolerating me and my many absurd ideas and comments.

My best wishes and good luck to next year's KARUX staff; none of which they will need to produce a fine yearbook.

Robert L. Grimm
